

What is HPRSIP?

The
**Health Profession Rural
Summer Immersion Program**

is an exciting opportunity for multidisciplinary students to participate in a clinical program in a rural community setting.

You will experience the benefits and rewards of rural practice while learning about the unique components of care and life in a rural environment.

This program is not “all work and no play!” Many community businesses and organizations have extended their hospitality to offer a variety of social and entertainment experiences in beautiful, rural northwest Litchfield County and northeast Dutchess County for your evening and weekend participation.

These fine educational institutions are teaming up to offer this unique, 13-day, rural immersion experience for MD, DO, and PA students.

Space is Limited!

Students will rotate through a variety of rural medical facilities. The rotations at our partner health care facilities focus on the unique components of rural medical practice, including:

- Exposure to rural clinicians in several primary care and specialty areas
- Geriatric Medicine
- Emergency Medicine
- Rehabilitative Health Care
- Home Health Care
- Discharge Planning and Transition of Care
- Migrant Populations

Free housing is provided by the Hotchkiss School in scenic Salisbury, CT.

For additional information, contact:

Program Dates: July 14th through July 26th

Application Deadline: April 30th
